NEW FRONT DOOR LOCK & KEYS!

Over the 50 years of the club's life many keys have been distributed and not always returned when membership is not renewed.

For security reasons we have decided to change the locks therefore the keys. Each key will be numbered and registered when allocated. The **deposit for the new key will be \$50** (or \$30 when you return your existing key).

After Monday, 30 May in the afternoon your key will no longer give you access to HAGAS.

As a financial member of HAGAS you are eligible to hold a key, but please consider *whether you actually NEED a key* as there is someone in the club rooms most days. If you return your old key and do not need a new key your original \$20 deposit will be returned.

To enable an easy change over, we have designated times the week before when you can swap your old key.

Key return or change over times:

Mon 23 May 1-4pm and 7.30-10.00pm and

Tues 24 May 3-6.00pm

We would appreciate if you could come on the designated times, but if these times are not suitable please contact Anne on 0433 046 820 or Alison on 0408 089 417 to arrange an alternative time.

I ask all members who make use of our studios to remember that the **operation of HAGAS is carried out by volunteers, please respect their efforts** by assisting if and when you can.

If you see something that is a hazard – then by all means report it to a committee member, but if it is something you can take care of yourself (eg dusting away a cobweb, replacing the toilet paper) please do so!

WORK TOGETHER

We make every effort to provide a safe and comfortable space for members, and a little help goes a long way! Leave the space as you would expect to find it. Just remember, a statue has never been erected in honour of a critic!

CERAMIC STUDIO NEWS

WE HAVE A NEW KILN!!

Karen Smith, HAGAS's 'glass wizard' received a phone call from HAGAS member Thierry Herman and the excitement began

Thierry is a naval engineering teacher at Le Fevre High School. He told Karen that the school was dismantling their arts department and that there would be a kiln needing a new home. It was a relatively new kiln (compared to ours) and in good condition. We would have to wait a few weeks until the building was being demolished as this was the only way to get the kiln out. Of course HAGAS said 'yes please!'

With the day looming up Karen moved all the library books while Ting Collins followed up the next day making a clearance so the area could be accessed. Thank you to Bruce for helping Ting with the heavy pieces, organising man-power, the moving truck, an electrician and Alun Lewis [our marvellous kiln man] things came together and flowed amazingly. Thanks also to Leanne Hembrow for making the task flow smoothly.

The electrician had to run more wiring to bring it up to 3phase. This was done the following Monday and Alun was there Wednesday to do a few minor repairs and fit the controller.

What a GIFT the new kiln is! It came with a Harco controller (*bonus!*) a milk crate full of props in various sizes (*double bonus!!*) a pyrometer and kiln shelves (*triple bonus!!!*). Value of this wonderful gift, at a guess would be \$4000+, how lucky are we !!!!

Our thanks go to Karen Smith and Ting Collins for their generosity of time and their efforts in acquiring the wonderful new kiln.
